All Principals/Directors

AICTE approved Technical Institutions

Subject – **AICTE MoUs for Student Internships.**

Sir,

AICTE in its 49th meeting of the Council held on 14th March, 2017 approved a package of measures to be implemented by all technical institutions approved by AICTE to improve the standards of technical education and to provide competent technical manpower to the nation.

In order to improve the employability of the students by imparting required skills and making them industry ready, it has been decided by AICTE to introduce mandatory internship for students from the session 2017-18. To facilitate internships to the students, AICTE has been identifying organizations/institutes both in India & abroad and signing MoUs. As you are already informed, that AICTE signed MoU with Internshala (a platform for free internships) and NETiit. (for internship in Taiwan). Furtherance, AICTE has also signed **MoU with Engineering Council of India(ECI) on 24th May, 2017.**

ECI is engaged in standardizing various major engineering disciplines, professional practices in India and setting competency standards of practicing professionals. ECI, either directly or through its members may approach technical institutions and professional organizations and make necessary arrangements to facilitate Hands-on training and/ or arrange for “internships” to technical graduate for their Continuing Professional Development (CPD). ECI has agreed to offer a discounted fee structure to the learners graduating from AICTE approved Institutions.

The MoU signed between AICTE and ECI can be viewed on the AICTE website www.aicte-india.org. Other MoUs being signed will be communicated to you from time to time.

The AICTE approved technical institutions are requested to adequately publicise this information on their websites so that students can apply for internship.

We hope your institution will take maximum advantage of this partnership for the benefit of students.

Regards,

Yours faithfully,

(Prof. A.P. Mittal)
